Specifications

Folding tub seat manufactured by ELCOMA from 1" (25mm) diameter, 18 gauge, type 304 stainless steel tubing with #4 satin finish. Hinged mounting brackets shall be 12 gauge type 304 stainless steel. Hooks firmly into place when in the up position to be stored safely out of the way. SOLID HDPE seat shall be 1/2" (13mm) thick and shall be mildew resistant. Shower Seat shall comply with all applicable federal, provincial and local building and safety codes.

HDP - High Density Polyethelene marine grade polymer is an industry standard to withstand the harshest marine conditions. It will not rot or delaminate and is easy to clean.

Custom sizes are available to suit special requirements.

15" x 28"	(381mm x 711mm)	White HDP	Model # 70-PO152820
15" x 32"	(381mm x 812mm)	White HDP	Model # 70-PO153220

Elcoma Shower Seats have been designed and tested to withstand 250lbs. (114kgs) of load when properly installed.* This exceeds HUD, FHA, VA, ADA, ANSI and other federal, provincial, and local codes.

*Shower seats can only be as strong as what they are mounted to.

It is imperative when installing any shower seat to consult with a qualified contractor to insure you have sufficient backing.
