Model #60 - (for right hand)

Elcoma Shower Seats have been designed and tested to withstand 400lbs. (182kgs) of load when properly installed.* This exceeds HUD, FHA, VA, ADA, ANSI and other federal, provincial, and local codes. *Shower seats can only be as strong as what they are mounted to. It is imperative when installing any shower seat to consult with a qualified contractor to insure you have sufficient backing.
